## We are the Fenton High School Class of 2016

## A Note from the Principal

Dear Students, Parents, Staff and Friends of Fenton:

It is hard to believe how quickly the school year has passed and come to an end. And what a year it has been - new principal, construction and more construction. I am proud to be able to serve the amazing students at Fenton and the entire Fenton community. Although it is a hectic time of year, it is the time when I most realize how fortunate we all are to be part of Fenton. Students, parents and staff commit their time and energy every day toward creating a nurturing school environment in which our students can thrive and grow to become responsible adults!

We wish our Class of 2016 all the best as they journey on to college, the military and/or work. Live your life filled with love, kindness and humor. Please see pages two and three for a list of senior accomplishments.

In closing, I take this opportunity to congratulate all of our Fenton students! I wish you all a very fun, safe and restful summer. Please take time to read at least three books this summer and do thousands of acts of kindness for your family.

I've listed some highlights from the school year below. I look forward to seeing you all on the first day of the 2016 - 2017 school year on August 17.

## Village of Bensenville's Arbor Day Dedication to Dr. Kathie Pierce

On Tuesday, May 10, the Fenton community celebrated the career of Dr. Kathie Pierce during an Arbor Day tree dedication in partnership with the Village of Bensenville and Tree City USA. Dr. Pierce retired from Fenton High School in January after 33 years of service to the school.

During the ceremony, Bensenville's Director of Public Works, Joseph Caracci explained that the tree selected to be planted on the Fenton campus to honor Dr. Pierce was a Cherry Plum. The tree is expected to bloom throughout the seasons and also produce edible cherry plums.

District 100 School Board President, Mary Ribando thanked Dr. Pierce for her years of service and for "not only educating and inspiring our students but making sure that each student reached their fullest potential."

Pictured from left: Forestry Technician, Frank Palumbo; Seasonal Forestry, Colin Gaerlan; Public Works Director, Joseph Caracci; Forestry Technician, Rodrigo Trujillo; Dr. Kathie Pierce; Public Works Assistant Director, Rick Radde; District 100 Board President, Mary Ribando, District 100 Board Member, David Shimanek; Village Manager, Evan K. Summers; Fenton Principal, James Ongtengco and District 100 Board Member, Susan Ralph.

Since 1976, the Tree City USA program has provided the tools to allow communities to manage and expand their tree population. To qualify for Tree City USA status a community must have an urban forestry management system in place, maintain a tree board or department, have a community tree ordinance, commit to spend \$2 per capita on urban forestry and hold Arbor Day celebrations.
